

## 1911 Wright Kitty Hawk Glider

The 1911 Kitty Hawk Glider was the last glider built by the Wright Brothers, and was the last aircraft they flew at Kitty Hawk, North Carolina. Orville set soaring records in the glider, including a 9 minute 45 second flight on October 24, 1911.

The Wright Experience, Inc. built this authentic and airworthy reproduction of the 1911 Wright Kitty Hawk Glider in 2011. For lease or purchase details contact Ken Hyde.
